

The figure is an aerial photograph of the Gray Pond Reservoir (灰池水库) area. It shows the reservoir's irregular shape, surrounded by dense green forest and some cleared land. Overlaid on the map are black contour lines indicating elevation. A red line represents the management boundary (管理范围线). Numerous points are marked along this boundary and within the reservoir area, labeled as 'Dam 01' through 'Dam 08' and 'Reservoir 01' through 'Reservoir 43'. A north arrow is located in the top right corner. A legend in the bottom right corner defines the symbols: a blue line for the baseline (基准线), a red line for the management boundary (管理范围线), a red crosshair for boundary points (界桩点), a purple crosshair for electronic points (电子桩), and a blue circle with a crosshair for identification signs (标识牌). A table on the left lists the coordinates for each point. A title block at the bottom contains project information, including the project name '普宁市2022年度50座水库管理和保护范围划定' (Management and Protection Range Delineation of 50 Reservoirs in Puning City for 2022), the drawing title '灰池水库管理范围划定图' (Management Range Delineation Map of Gray Pond Reservoir), and approval signatures for the checker, project manager, reviewer, and drafter.
